COMPANY PROFILE

Insyst Inc incorporated in 1996 is a Software Solutions Enterprise focusing on providing technical staffing needs and total software development. It is our aim to customize solutions and enhance our client's profitability by understanding their individual needs and requirements. Over the past years we have been able to successfully provide our clients with highly qualified IT consultants specializing in various technologies.

We are *Microsoft Certified Solution Provider* and *IBM Solution Developer*. Insyst Inc a certified Minority Business Enterprise *(MBE)* is proud to be member of New Jersey Technology Council.

SERVICES OFFERED

Keeping our customers in mind Insyst offers a variety of services that you can choose from. Our services are customized to meet your business needs.

IT STAFFING SOLUTIONS

We specialize in providing our clients with talented, skilled and qualified professionals who can make a significant difference to you. Having a validated selection system and **competent in-house consultants** we can fulfill your requirements in a timely manner. We have provided corporatations with Project Leaders, System Analysts, Software Designers and Developers, QA Testers, System / Network Administrators, Database Administrators (DBAs).

BENIFITS

- Talented, skilled and qualified professional Software Consultants with wide range of skills
- Reduction in Cost thus able to offer competitive rates on consultants
- Reduced time to hire due to in house consultant and streamlined/developed sourcing channel
- Validated selection systems thus able to produce high quality consultant
- Technically qualified recruiters thus able to screen the best candidates

WEB SOLUTIONS

Insyst provides complete web solutions to give you a powerful web presence on the Internet or on Intranet. We integrate your entire web site: web page design, development, hosting. Insyst can also setup and promote E-business globally.

OFFSITE SOFTWARE DEVELOPMENT

Insyst can outsource your entire project or any phase of a project's life cycle. We have outsourcing facilities in both New Jersey (USA) and offshore (India) that will save you more than 50%.
